

## **Gateway Restart Instructions**

1. Go to the back office computer
2. Click on the start menu
3. Click on (ALL) Programs
4. Click on US Beverage Net Gateway
5. Click on Stop Gateway
6. Repeat steps 2 through 4 and then click start gateway

Note: if when you click on (All) Programs and US Beverage Net Gateway does NOT exist then you are on the wrong back office computer...please check the other computer in the back office.

If you have further questions or this does not work email Tom Young at [tjyoung@usbeveragenet.com](mailto:tjyoung@usbeveragenet.com)
